September 7, 2023

Dear Abraham Clark High School Families,

There is nothing more important than the safety of our students and staff. Abraham Clark High School is grateful for your support while we remain open to serve the many students who rely on the resources offered now that school is open.

Unfortunately, the weather forecast for the first two days of school is concerning. The National Weather Service has predicted extreme weather conditions that may cause some disruption. Abraham Clark High School will remain open as normal; however, we are putting in place some measures to support students and staff with handling the extreme heat. Please ensure that you encourage your child to bring a bottle of water to school, it is important that they remain hydrated. Water fountains are available with new filters on each floor. Uniform expectations will still apply. We have asked staff to use blinds as well as opening windows and doors to combat the strong sunlight and extreme heat. We have altered sports practice times and canceling games because of the heat. Abraham Clark High School has scheduled early dismissal at 12:45 PM.

Thank you in advance for your support over the two days in school. We will continue to monitor the weather forecast for next week's predicted temperatures.

Thank you.  
Andreéa Harry
